Dear City of Miami:

Thank you for your email.

However, the PDF documents are not attached. The file still links to .psd files.

City of Miami, on February 4, 2022 kindly submitted a records request for any and all correspondence between the City of Miami concerning CityCoins, MIA Coin and Stacks (STX). Additionally, any and all related correspondence concerning CityCoins, MIA Coin, Stacks (STX), Digital World Acquisition Corp and Harvard Management Company.

1. On March 7, 2022, Miami came to us noting 13,092 e-mail records were returned for the above keywords.
2. Today on April 15, 2022 we have yet to receive the records in a timely and reliable manner.
3. Given several factors of delay in receiving these records, we must take our concern to The Financial Crimes Enforcement Network (FinCEN).

FinCEN is the bureau of the United States Department of the Treasury that collects and analyzes information about financial transactions in order to combat domestic and international money laundering, terrorist financing, and other financial crimes.

Sending you the very best regards.

Thank you,

Gunnar Larson
